How to Meditate on God's Word WITH KIDS?!

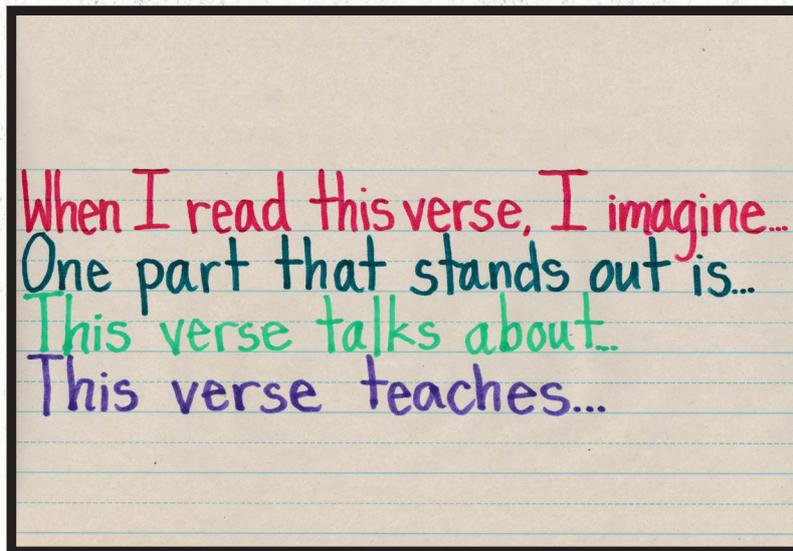

What does it mean to Meditate?

When we meditate, we concentrate and listen to God's Word. We read it multiple times and engage our mind to comprehend its contents. We formulate opinions, based on Biblical context, as to what it is saying and to what it is not saying. We allow the words to rest within us while our mind processes... and in this case, forms a picture.

With that being said, meditating is not about emptying your mind, it is about filling it with thoughts of God and His character.

Here are some things I do with my own children to encourage the Word to sink in:

1. **PRAY** - that God would reveal himself to you and that His words would be tied to your fingers. (Prov 7:3) This means that Scripture is easily accessed.
2. Read the passage at least twice. Notice or highlight words that seem to stick out to you.
3. Talk about it! Use the following sentence starters to help you and your kids process the passage.

4. **Repeat, repeat, repeat!** Try moving while you are repeating the verse. Children can clap or stomp to each word. Walk in circles around the table. Some brains work better when they are moving. As you are repeating the verse, try singing it or speaking it with emphasis on certain words.
5. Look for key words, promises, or applications.
6. **Doodle** or draw as you read.
7. If in doubt, **PRAY IT OUT!**
